

Project Supplies

Kits for conversion project such as FPSO, FSRU. Supply of various valves, pumps & filters for LSMGO System, Ballast Water Treatments System, Sox Scrubber system etc.

Equipment & Spare Parts

Supply of LSMGO Pumps & Coolers, Ballast Water Treatment System, Sox Scrubber System, Various equipment & Spare parts, Retrofit Equipment from Japan, Korea and China.

General & Overboard Valves :

Gate, Globe, Check, Ball, Storm Valves, Butterfly valves of various standards (JIS, DIN & ANSI), with EN10204 3.1, 3.2 certificates, IACS Approvals.

Actuators & System :

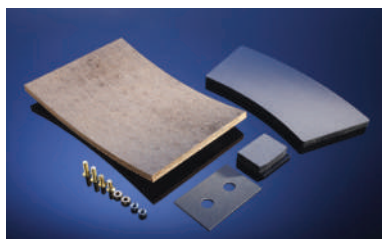

Pneumatic, Electric and Hydraulic, Remote Control station for Quick Closing valves (Pneumatic, Hydraulic and Electric)

Deck fittings :

Panama Chocks, Fairlead Rollers, Bollards, Chain Stoppers etc.

Brake Linings for Deck Machinery

Trimat

Trimat asbestos free brake linings are fitted to the full range of marine braking applications, over 40 years of manufacturing experience and a huge reputation for quality products and service make Trimat the number one choice for the world's major deck machinery and marine equipment manufacturers.

Materials are approved by DNV-GL and available in either nominal 10 meter rolls or cut to length pieces to suit specific brake bands.

Special Valves & classified marine outfitting :

Quick Closing, Self-Closing valves, Safety/ Pressure relief valves / Pressure reducing Valves, P.V. Valves, Mud Box, Strainers, Steam Traps, Control Valves, Air Pipe/Vent Heads (with IACS type approvals).

Expansion Joints & Bellows :

Stainless Steel Expansion Bellows (IACS approved), Dresser Couplings (IACS Type approved), Rubber Expansion Bellows etc.

Special Flanges :

Corrosion/ Sacrificial Flange with Inspection Holes, Hydraulic Square Flanges.

Anchor, Anchor Chain and Fittings :
